

include/tnumber_spgist.h

```
graph TD; A[include/tnumber_spgist.h] --> B[postgres.h]; A --> C[catalog/pg_type.h];
```

The diagram illustrates a header file dependency. At the top, a gray box contains the text 'include/tnumber_spgist.h'. Two blue arrows originate from the bottom of this box and point downwards to two separate white boxes. The left box contains 'postgres.h' and the right box contains 'catalog/pg_type.h'. This represents the 'include/tnumber_spgist.h' file including both 'postgres.h' and 'catalog/pg_type.h'.

postgres.h

catalog/pg_type.h
